About Me

I have a focused interest in **Data-Managing** and **Programming**. Be an enthusiastic individual and Team who likes to explore new things, showing enthusiasm to continue learning and developing in the world of technology.

Work Experience

Jul - Nov 2021 | Administration | PT YKK Zipper Indonesia

Carve out a strong reputation for accurately managing production data and compiling informative and detailed monthly reports. Additionally, my role as an HR Assistant has demonstrated my ability to provide effective support to superiors. With mastery of Excel and strong analytical skills, I have successfully enhanced operational efficiency and supported timely decision-making. I believe that the combination of my technical expertise and interpersonal skills will be an added value to the company, and I am very enthusiastic about bringing my contributions to the existing team.
